CHAPTER 9: PROGRAMS OF STUDY INFO

User Guide

Introduction

Programs of Study Info presents you with the information we have collected on hundreds of education and training programs of study. Programs of Study Info is a Career Visions module for learning about educational programs. It's most useful to people who already have some idea of what they want to study, but want to know more about the different fields within a broad area.

This guide shows you the main screens you will see in Programs of Study Info.

Getting to the Data

You can reach Programs of Study Info by clicking on the World of Learning button on the Main Menu and then clicking on the Programs of Study Info button on the World of Learning Menu. (You can also reach it from College Info and Occupation Info - see the appropriate user guides.) If you click on a program title or program cluster title from a list, you will go directly to the full information screens for that program or cluster of programs.
